10:00am

Join Allison Lorenz, Marquardt Village Admissions Coordinator, who will present **Advance Care Planning: Healthcare Directives.**

Why should I make an Advance Directive?

An Advance Directive speaks for you when you are unable to do so and directs your wishes regarding health care decisions. It may relieve your family from the burden of guessing what you would want because it tells others the care and treatments you do or do not want and/or who will make health care decisions for you when you cannot express your wishes. If you've decided to write an advance directive, you've taken an important step to make sure that your health care wishes are met.

If you have questions and need help to get started, forms and assistance will be available for participants to prepare their own Advance Directives.

Light refreshments will be served.
